Meeting the Challenges to Improve Cardiovascular Outcomes

February 22, 2013
Corbin Technology & Community Center
Corbin, Kentucky

Collaborative effort by:
Southern Kentucky AHEC, Baptist Regional Medical Center & Eastern Kentucky University
Focus
Provide latest information on prevention, treatment, and recommended guidelines for cardiovascular disease and its complications.

Objectives
At the end of this conference, participants will be able to:
- Review recommended treatment options for cardiovascular disease and its complications
- Discuss ACC/AHA recommendations for serial echocardiography in patients with aortic stenosis
- Discuss the benefits of physical activity on patients with CVD
- Familiarize with the current endovascular treatment options in acute ischemic cerebrovascular disease
- TBD
- Compare and contrast the latest advances in pharmacologic and therapeutic management of cardiovascular conditions
- Increase awareness of the cost of poor health literacy on health care outcomes

Target Audience
Physician, Pharmacist, Physician Assistant, Dentistry, Certified Medical Assistant, Dietitian, Respiratory, Nurse, Nurse Practitioner, Radiology, Nursing Home Administrator and Sonographer

Notice
Presentations and speakers subject to change. We would be pleased to assist you with any special needs (i.e. physical, dietary etc.) please let us know in advance.
